

Non-NIH funded global oncology projects reported by NCI-Designated Cancer Centers on the 2021 Global Oncology Survey

Note: Some cancer centers indicated that their project details could not be shared individually; thus this does not represent all 447 projects included in the aggregate survey analysis.

Projects are listed alphabetically by NCI-Designated Cancer Center

Cancer Center: Abramson Cancer Center

Project Title: Building Cancer Care Infrastructure in a Low-Resource Country - Haiti

Collaborators: Partners in Health, Boston, United States; Dana-Farber/Harvard Cancer Center, Boston, United States

Cancer Center: Abramson Cancer Center

Project Title: Building Cancer Care Infrastructure in a Low-Resource Country - Rwanda

Collaborators: Partners in Health, Boston, United States; Dana-Farber/Harvard Cancer Center, Boston, United States

Cancer Center: Abramson Cancer Center

Project Title: Developing Oncology Center of Excellence

Collaborators: No collaborator information available

Cancer Center: Alvin J. Siteman Cancer Center - Washington University School of Medicine and Barnes-Jewish Hospital

Project Title: A Phase III, Randomized, Placebo-controlled, Double-blind, Multi-center, International Study of Durvalumab Following Stereotactic Body Radiation Therapy (SBRT) for the Treatment of Patients with Stage I/II Non-small Cell Lung Cancer (PACIFIC-4/RTOG-3515)"

Collaborators: No collaborator information available

Cancer Center: Alvin J. Siteman Cancer Center - Washington University School of Medicine and Barnes-Jewish Hospital

Project Title: Caring for caregivers in pediatric hospital in Zambia

Collaborators: Copperbelt University, Kitwe, Zambia; Copperbelt University, Kitwe, Zambia

Cancer Center: Alvin J. Siteman Cancer Center - Washington University School of Medicine and Barnes-Jewish Hospital

"Project Title: Impact of COVID-19 Pandemic on Oncologic Patient Care at Liga

Nacional Contra El Cáncer e Instituto de Cancerología (LIGA/INCAN) in Guatemala and Washington University in St. Louis;"

Collaborators: Liga Nacional Contra el Cáncer, Guatemala City, Guatemala

Cancer Center: Alvin J. Siteman Cancer Center - Washington University School of Medicine and Barnes-Jewish Hospital

Project Title: MR-guided Preoperative RT in Gastric Cancer

Collaborators: Seoul National University Hospital, Seoul, South Korea; Washington University in St. Louis, St Louis, United States

Cancer Center: Arizona Cancer Center

Project Title: Arizona Cancer Prevention & Control Research Network

Collaborators: University of Arizona, Tucson, United States; Mariposa Community Health Center, Nogales, United States; American Cancer Society, Atlanta, United States

Cancer Center: Arizona Cancer Center

Project Title: Phase 3 global, multicenter study of carboplatin-paclitaxel w INCMGA00012 or placebo in SCC of anal cavity

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Arizona Cancer Center

Project Title: Smartphone Confocal Endoscopy for detecting cervical precancer

Collaborators: Infectious Diseases Institute, Kampala, Uganda; Massachusetts General Hospital, Boston, United States

Cancer Center: Barbara Ann Karmanos Cancer Center

Project Title: Educational and research exchange in Cancer Biology Between KCI/WSU and Okayama University in Okayama, Japan

Cancer stem cells induced from normal stem cells: investigation of the mechanism of induction, plasticity, heterogeneity, microenvironment and strategy to treat

Collaborators: Karmanos Cancer Institute, Detroit, United States; Stony Brook University Hospital, Stony Brook, United States; Tianjin Amcare Women & Children's Hospital, Tianjin, China; Okayama University, Okayama, Japan; Tianjin University, Tianjin, China

Cancer Center: Case Comprehensive Cancer Center

Project Title: 1st International Symposium of Resource-Appropriate Technologies for Global Oncology

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Case Comprehensive Cancer Center

Project Title: European-American Pheochromocytoma Registry and Working Group

Collaborators: University of Freiburg, Freiburg, Germany

Cancer Center: Case Comprehensive Cancer Center

Project Title: International Cowden / PTEN Consortium

We focus on enrolling from around the world and are committed to delineating the cancer and other risks associated with germline PTEN mutations in order to optimise PTEN-informed management.

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Case Comprehensive Cancer Center

Project Title: Lung cancer in East Africa and the relationship to HIV-1 infection: epidemiology, molecular characterization and imaging

Collaborators: Makerere University, Kampala, Uganda

Cancer Center: Case Comprehensive Cancer Center

Project Title: Seed Grant-PTPRT

Collaborators: University Hospital Bonn, Bonn, Germany

Cancer Center: Case Comprehensive Cancer Center

Project Title: The microbiome in HIV prevention

Collaborators: University of Manitoba, Winnipeg, Canada; University of Pittsburgh, Pittsburgh, United States; Imperial College London, London, United Kingdom; IrsiCaixa Institute for AIDS Research, Barcelona, Spain; Walter Reed Army Institute of Research, Washington, United States; Emory University, Atlanta, United States; Massachusetts Institute of Technology, Cambridge, United States

Cancer Center: Case Comprehensive Cancer Center

Project Title: The microbiome in cervical cancer

Collaborators: Uganda Cancer Institute, Kampala, Uganda; University of Washington, Seattle, United States; University of Manitoba, Winnipeg, Canada; Emory University, Atlanta, United States; Public Health Agency of Canada, Ottawa, Canada; Pennsylvania State University, State College, United States; University of British Columbia, Vancouver, Canada; Oregon Health & Science University, Portland, United States; Case Western Reserve University, Cleveland, United States

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Assessing Feasibility and Acceptability of a Geriatric Assessment Program for Older Patients

Starting New Treatment with Chemotherapy in a Brazilian Cancer Center

Collaborators: City of Hope National Medical Center, Duarte, United States; Instituto Nacional do Câncer, Rio de Janeiro, Brazil; Chronos - Pesquisa Clínica, Brasília, Brazil

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Breast cancer Specific Database in Hawassa, Ethiopia

Collaborators: Hawassa University, Awasa, Ethiopia

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Cancer Survivorship in Brazil

Collaborators: Federal University of São Paulo, São Paulo, Brazil

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Childhood Leukaemia Drug Discovery Program

Collaborators: Griffith University, Brisbane, Australia; University of Wollongong, Wollongong, Australia

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Developing Patient Advocacy in Hawassa, Ethiopia

Collaborators: Hawassa University, Awasa, Ethiopia

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Development of pathology capacity for manual immunohistochemical staining of breast cancer in Hawassa, Ethiopia

Collaborators: Hawassa University, Awasa, Ethiopia; Martin Luther University Halle-Wittenberg, Halle, Germany

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: End of Life Nursing Education Consortium (ELNEC)

Collaborators: Kyoto University, Kyoto, Japan; Living Room Ministries International, Eldoret, Kenya; Korea National University of Transportation, Chungju, South Korea; Department of Social Welfare and Development (DSWD), Filinvest City, Philippines; Transylvania University of Brașov, Brasov, Romania

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Hospital Israelita Albert Einstein - Hematologic Malignancies Multi-Disciplinary Tumor Board, and related educational activities

Collaborators: Hospital Israelita Albert Einstein, São Paulo, Brazil

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Metallocorroles for imaging and therapy in malignant melanoma

Collaborators: Technion – Israel Institute of Technology, Haifa, Israel; California Institute of Technology, Pasadena, United States

Cancer Center: City of Hope Comprehensive Cancer Center

Project Title: Presurgical Treatment with Ribociclib and Letrozole in Patients with Locally Advanced Breast Cancer: the NEOLETRIB trial.

Collaborators: Akershus University Hospital, Lørenskog, Norway

Cancer Center: Dan L. Duncan Comprehensive Cancer Center

Project Title: Establishing a Comprehensive Biorepository of Pediatric Sarcoma and Other Childhood Cancers in Uganda in Sub-Saharan Africa

Collaborators: Makerere University, Kampala, Uganda; Mulago Hospital, Kampala, Uganda

Cancer Center: Dan L. Duncan Comprehensive Cancer Center

Project Title: Global HOPE (Hematology Oncology Pediatric Excellence)

Collaborators: Makerere University, Kampala, Uganda; Muhimbili University of Health and Allied Sciences, Dar es Salaam, Tanzania; Centre Hospitalier Universitaire de Kigali, Kigali, Rwanda; University of Cape Town, Rondebosch, South Africa; Kamuzu Central Hospital, Lilongwe, Malawi; Union for International Cancer Control, Geneva, Switzerland; World Health Organization, Geneva, Switzerland

Cancer Center: Dan L. Duncan Comprehensive Cancer Center

Project Title: High Resolution Microendoscopy for the Management of Esophageal Neoplasia: A Clinical Trial in Brazil, China and the United States

Collaborators: Jilin University, Changchun, China; Universidade de São Paulo, São Paulo, Brazil; Rice University, Houston, United States; Columbia University, New York, United States

Cancer Center: Dana-Farber/Harvard Cancer Center
"Project Title: African Oncogenetics Network
Men of African Descent no Carcinoma of the Prostate (MADCaP)
Strategic Training Achievements for Research Success (STARS)"
Collaborators: Unknown Site, Unknown City, United States

Cancer Center: Dana-Farber/Harvard Cancer Center
Project Title: Development of a national cancer program that can provide consistent quality care to children suffering from common pediatric oncologic conditions
Collaborators: No collaborator information available

Cancer Center: Dana-Farber/Harvard Cancer Center
Project Title: Global Pediatric Oncology Fellowship Program
Collaborators: No collaborator information available

Cancer Center: Duke Cancer Institute
Project Title: Kilimanjaro Christian Medical Center Cancer Registry
Collaborators: Kilimanjaro Christian Medical Centre, Moshi, Tanzania

Cancer Center: Fox Chase Cancer Center
Project Title: BRCA 1/2 and Prostate Cancer Across the African Diaspora
Collaborators: University of the West Indies, Nassau, Bahamas

Cancer Center: Fox Chase Cancer Center
Project Title: Generation of PDX mouse models of glioblastoma
Collaborators: Central South University, Changsha, China; Soochow University, Suzhou, China

Cancer Center: Fox Chase Cancer Center
Project Title: Investigating Netrin-1 as a new therapeutic target in pancreatic cancer
Collaborators: University of Rochester, Rochester, United States

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium
Project Title: Assessing the clinical utility of an automated molecular diagnostic test (GeneXpert Breast Cancer STRAT4 Assay) in the diagnosis and management of women with breast cancer in Uganda
Collaborators: Uganda Cancer Institute, Kampala, Uganda

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium
Project Title: BHGI develops, implements and studies evidence-based, economically feasible, and culturally appropriate Guidelines for International Breast Health and Cancer Control for low- and middle-income countries, to improve breast health outcomes and access to breast cancer screening, detection and treatment for women.
Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: BHGI develops, implements and studies evidence-based, economically feasible, and culturally appropriate Guidelines for International Breast Health and Cancer Control for low- and middle-income countries, to improve breast health outcomes and access to breast cancer screening, detection and treatment for women.

Collaborators: Fred Hutchinson Cancer Research Center, Seattle, United States; Makerere University, Kampala, Uganda; Uganda Cancer Institute, Kampala, Uganda; Mulago Hospital, Kampala, Uganda; Uganda Women Cancer Support Organisation, Kampala, Uganda

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Defining the molecular profile of breast cancer in Uganda and its clinical implications

Collaborators: Uganda Cancer Institute, Kampala, Uganda

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Early detection of breast lesions in the first level of care in Lima, Peru

Collaborators: No collaborator information available

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Establishing a public private-partner cancer center within an existing medical center in Ondo State, Nigeria

Collaborators: Sidney Kimmel Comprehensive Cancer Center, Baltimore, United States

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Establishing a sustainable breast cancer detection program in an underserved region of Peru

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Global Disparities in Retinoblastoma Presentation and Outcomes

Collaborators: Sheba Medical Center, Ramat Gan, Israel

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Improving breast cancer detection and diagnosis in Uganda

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: KEN SHE Kenya single dose HPV vaccine immunogenicity and efficacy trial

Collaborators: Fred Hutchinson Cancer Research Center, Seattle, United States; Kenya Medical Research Institute, Nairobi, Kenya; University of Washington, Seattle, United States

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Phase I Study of Subcutaneous Rituximab Hyaluronidase Combined with Local Standard-of-Care Chemotherapy for the Treatment of Burkitt Lymphoma, Diffuse Large B-Cell Lymphoma or as Monotherapy for Kaposi Sarcoma Herpesvirus Associated Multicentric Castleman Disease in Pediatrics and Adults in Uganda

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Reducing Healthcare System Delays Contributing to Late-stage Breast Cancer Diagnosis in Uganda

Collaborators: No collaborator information available

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Spot on CML

Collaborators: International CML Foundation (iCMLf), Bexhill On Sea, United Kingdom; The Max Foundation, Seattle, United States

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: Utility of a Liquid Biopsy in the Detection of Metastatic Breast Cancer in Uganda

Collaborators: Uganda Cancer Institute, Kampala, Uganda

Cancer Center: Fred Hutch/University of Washington/Seattle Children's Cancer Consortium

Project Title: WHO Global Breast Cancer Initiative

Collaborators: No collaborator information available

Cancer Center: Georgetown Lombardi Comprehensive Cancer Center

Project Title: Biological specimen repository for the Mayak Project

Collaborators: Southern Urals Biophysics Institute (SUBI), Ozyorsk, Russian Federation

Cancer Center: H. Lee Moffitt Cancer Center and Research Institute

Project Title: Biomarkers Predictive of Tumor Location in African American Men with PCa

Collaborators: Korle Bu Teaching Hospital, Accra, Ghana

Cancer Center: H. Lee Moffitt Cancer Center and Research Institute

Project Title: Characterization of variants of uncertain significance in BRCA1 and BRCA2

Collaborators: Mayo Clinic, Rochester, United States; Duke University, Durham, United States; University of Utah, Salt Lake City, United States; Queensland Children's Medical Research Institute, Brisbane, Australia; Leiden University, Leiden, Netherlands

Cancer Center: H. Lee Moffitt Cancer Center and Research Institute

Project Title: Charting the BRCT domain network

Collaborators: Instituto Nacional do Câncer, Rio de Janeiro, Brazil; Federal University of Rio de Janeiro, Rio de Janeiro, Brazil; Johns Hopkins University, Baltimore, United States

Cancer Center: H. Lee Moffitt Cancer Center and Research Institute

Project Title: Collaborations and training

Collaborators: Jawaharlal Nehru Centre for Advanced Scientific Research, Bengaluru, India

Cancer Center: H. Lee Moffitt Cancer Center and Research Institute

Project Title: Modeling phenotypic plasticity in the evolution of resistance
Collaborators: Moffitt Cancer Center, Tampa, United States

Cancer Center: Herbert Irving Comprehensive Cancer Center
Project Title: Biological age acceleration, reproductive history, and early onset breast cancer risk in Ghanaian Women
Collaborators: Peace and Love Hospitals, Kumasi, Ghana

Cancer Center: Herbert Irving Comprehensive Cancer Center
Project Title: Building nutritional capacity in pediatric oncology units located in low and middle income countries
Collaborators: No collaborator information available

Cancer Center: Holden Comprehensive Cancer Center/University of Iowa
Project Title: Radiobiology of Targeted Alpha Particle Therapy for Cancer.
Collaborators: King's College London, London, United Kingdom

Cancer Center: Holden Comprehensive Cancer Center/University of Iowa
Project Title: UK Biobank Study- Prevalent cardiovascular comorbidities and subsequent cancer risk: a prospective population-based cohort study.
Collaborators: University of Malaya, Kuala Lumpur, Malaysia

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center
Project Title: AMPATH - Lilly Connecting Hearts Abroad Administrative Mentoring Program
Collaborators: Eli Lilly (United States), Indianapolis, United States; Moi University, Eldoret, Kenya; Indiana University, Bloomington, United States

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center
Project Title: AMPATH Breast and Cervical Cancer Control Program
Collaborators: Moi University, Eldoret, Kenya

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center
Project Title: AMPATH Multiple Myeloma Program
Collaborators: Moi University, Eldoret, Kenya; Indiana University Hospital, Indianapolis, United States

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center
Project Title: AMPATH Oncology Medical Education
Collaborators: Moi University, Eldoret, Kenya; Moi University, Eldoret, Kenya; Moi University, Eldoret, Kenya; Moi University, Eldoret, Kenya; University of Toronto, Toronto, Canada; Brown University, Providence, United States

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center
Project Title: AMPATH Oncology Pediatric Burkitt and Non-Hodgkin Lymphoma SSA Program
Collaborators: Moi University, Eldoret, Kenya; Moi University, Eldoret, Kenya

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center

Project Title: Defining Supportive Oncology for Lower and Middle Income Countries: Capitalizing on Telecommunication to Maximize Cancer Treatment Compliance through Optimal Symptom Management

Collaborators: Icahn School of Medicine at Mount Sinai, New York, United States; Moi University, Eldoret, Kenya; Living Room Ministries International, Kipkaren, Kenya

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center

Project Title: Funding for Academic Model Providing Access to Healthcare (AMPATH) Program in Western Kenya

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center

Project Title: IU AMPATH Hematology Program Support

Collaborators: Moi University, Eldoret, Kenya; Indiana University Hospital, Indianapolis, United States

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center

Project Title: Kaposi Sarcoma Center of Excellence

Collaborators: University of California, San Francisco, San Francisco, United States; Harvard University, Cambridge, United States; Makerere University, Kampala, Uganda; Moi University, Eldoret, Kenya; Indiana University Hospital, Indianapolis, United States

Cancer Center: Indiana University Melvin & Bren Simon Cancer Center

Project Title: Project ECHO for Pediatric Oncology

Collaborators: Moi University, Eldoret, Kenya; Indiana University Hospital, Indianapolis, United States

Cancer Center: Jonsson Comprehensive Cancer Center

Project Title: Academic exchange between UCLA and Kyoto University

Collaborators: University of California, Los Angeles, Los Angeles, United States

Cancer Center: Jonsson Comprehensive Cancer Center

Project Title: Prostate Cancer Outcomes Global Initiative to Compare and Reduce Variation in Localised Prostate Cancer

Collaborators: Monash University, Melbourne, Australia; Movember Foundation, East Melbourne, Australia

Cancer Center: Jonsson Comprehensive Cancer Center

Project Title: Second Affiliate Hospital of Zhejiang University, Telepathology Project

Collaborators: No collaborator information available

Cancer Center: MD Anderson Cancer Center

Project Title: A framework to use DNA repair to IndiVidualizE Radiotherapy (DRIVER)

Collaborators: Karolinska Institute, Stockholm, Sweden

Cancer Center: MD Anderson Cancer Center

Project Title: Addressing the cervical cancer crisis in Mozambique through training and education for the early detection of disease

Collaborators: Ministry of Health, Maputo, Mozambique; The University of Texas MD Anderson Cancer Center, Houston, United States; Chulalongkorn University, Bangkok, Thailand; Hospital Geral Jose Macamo, Maputo, Mozambique; Maputo Central Hospital, Maputo, Mozambique; Ministry of Health, Maputo, Mozambique; Hospital de Câncer de Barretos, Barretos, Brazil; Rice University, Houston, United States

Cancer Center: MD Anderson Cancer Center

Project Title: Capacity building for cervical cancer prevention and treatment in Nepal

Collaborators: Civil Service Hospital, Kathmandu, Nepal; Bhaktapur Cancer Hospital, Bhaktapur, Nepal; Chulalongkorn University, Bangkok, Thailand; Rice University, Houston, United States; American Society of Clinical Oncology, Alexandria, United States

Cancer Center: MD Anderson Cancer Center

Project Title: Conservative surgery for early stage cervical cancer (ConCerv Trial)

Collaborators: Instituto Nacional de Cancerología, Bogotá, Colombia; Instituto Nacional de Enfermedades Neoplásicas, Lima, Peru; AC Camargo Hospital, São Paulo, Brazil; Instituto Brasileiro de Controle do Câncer, São Paulo, Brazil; Hospital Italiano de Buenos Aires, Buenos Aires, Argentina; Hospital Erasto Gaertner, Curitiba, Brazil; Instituto Nacional de Cancerología, Tlalpan, Mexico; Chulalongkorn University, Bangkok, Thailand; University of Melbourne, Melbourne, Australia; Gynecological Institute (Instituto de Ginecología), Rosario, Argentina; Agostino Gemelli University Polyclinic, Rome, Italy; General Hospital Alfredo Pumarejo, Matamoros, Mexico; Hospital Británico de Buenos Aires, Buenos Aires, Argentina

Cancer Center: MD Anderson Cancer Center

Project Title: Development of a Customized Interactive Comprehensive Global Curriculum with Self-Assessment for Breast Imaging Radiologists in LMICs

Collaborators: Lagos State Health Service Commission, Lagos, Nigeria; University Teaching Hospital, Lusaka, Zambia

Cancer Center: MD Anderson Cancer Center

Project Title: ECHO PACA: Increasing the capacity of access to Palliative care in Subsaharan Africa

Collaborators: Stellenbosch University, Stellenbosch, South Africa; Aga Khan University Hospital Nairobi, Nairobi, Kenya; University College Hospital, Ibadan, Ibadan, Nigeria; Ghana College of Physicians and Surgeons, Accra, Ghana; Tata Memorial Hospital, Mumbai, India

Cancer Center: MD Anderson Cancer Center

Project Title: Early Detection and Interventions for OSSN/Squamous Cell Carcinoma of Conjunctiva and Orbit in Ethiopia

Collaborators: Sheba Medical Center, Ramat Gan, Israel; Mekelle University, Mek'ele, Ethiopia; The University of Texas MD Anderson Cancer Center, Houston, United States

Cancer Center: MD Anderson Cancer Center

Project Title: Education of clinical oncologists in Zambia

Collaborators: University Teaching Hospital, Lusaka, Zambia; The University of Texas MD Anderson Cancer Center, Houston, United States

Cancer Center: MD Anderson Cancer Center

Project Title: Establishing technologist/therapist training programs in LMICs – Experiences from Africa and the Middle East

Collaborators: No collaborator information available

Cancer Center: MD Anderson Cancer Center

Project Title: Evaluating innovative technologies and approaches to addressing cervical cancer in the Republic of Mozambique

Collaborators: Ministry of Health, Maputo, Mozambique; Population Services International, Washington D.C., United States; Rice University, Houston, United States; The University of Texas MD Anderson Cancer Center, Houston, United States; Eduardo Mondlane University, Maputo, Mozambique; Clinton Health Access Initiative, Maputo, Mozambique; Indiana University, Bloomington, United States

Cancer Center: MD Anderson Cancer Center

Project Title: Identifying cooperative lesions of Mdm4/p53 driven breast cancer and resistance mechanisms to Mdm4 inhibitors

Collaborators: Peter MacCallum Cancer Centre, Melbourne, Australia; Istituti Fisioterapici Ospitalieri, Rome, Italy

Cancer Center: MD Anderson Cancer Center

Project Title: International Gynecologic Cancer Society (IGCS) Gynecologic Oncology Fellowship Program

Collaborators: International Gynecologic Cancer Society (IGCS, Chicago, United States; Massachusetts General Hospital, Boston, United States; Nuvance Health, Westchester, United States; National University Cancer Institute, Singapore, Singapore; Mayo Clinic, Jacksonville, United States; Royal Women's Hospital, Melbourne, Australia; Princess Margaret Cancer Centre, Toronto, Canada

Cancer Center: MD Anderson Cancer Center

Project Title: Isolation of Bacteriophages against Prevalent Multidrug Resistant Organisms in 3

Geographical Regions: Impact on Stem Cell Transplant Recipient's Outcomes

Collaborators: AC Camargo Hospital, São Paulo, Brazil; Clínica Alemana, Santiago, Chile

Cancer Center: MD Anderson Cancer Center

Project Title: Molecular and Immunohistochemical features of Breast Cancer in Ethiopia

Collaborators: Mekelle University, Mek'ele, Ethiopia; Addis Ababa University, Addis Ababa, Ethiopia; The University of Texas MD Anderson Cancer Center, Houston, United States

Cancer Center: MD Anderson Cancer Center

Project Title: Novel STAT3/RNA Polymerase II inhibitor and its predictive biomarker for lung cancer therapy

Collaborators: Hunan Cancer Hospital, Changsha, China; Hunan Cancer Hospital, Changsha, China; Zhejiang Cancer Hospital, Hangzhou, China; Zhejiang Cancer Hospital, Hangzhou, China

Cancer Center: MD Anderson Cancer Center

Project Title: PEA15, a novel therapeutic target for hepatocellular carcinoma

Collaborators: Yonsei University, Seoul, South Korea

Cancer Center: MD Anderson Cancer Center

Project Title: Project ECHO - Cervical Cancer Prevention and Management in Latin America

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: MD Anderson Cancer Center

Project Title: Slow progrEss iN low-reSource Environments: is lack of education & training in cancer prevention key? (SENSE Study)

Collaborators: Tata Memorial Hospital, Mumbai, India

Cancer Center: Markey Cancer Center

Project Title: Implementing Cancer Precision Medicine in India (DAA3-19-65780-1)

Collaborators: No collaborator information available

Cancer Center: Masonic Cancer Center

Project Title: Bioactivation of dietary and environmental genotoxins by 3-dimensional human organoid cell culture

Collaborators: King's College London, London, United Kingdom

Cancer Center: Masonic Cancer Center

"Project Title: Bioactivation of environmental contaminants during liver fibrosis - The link between mechanical force and genotoxicity"

Collaborators: Inserm, Paris, France

Cancer Center: Masonic Cancer Center

Project Title: Childhood Cancer & Leukemia International Consortium

Collaborators: International Agency for Research on Cancer, Lyon, France; Baylor College of Medicine, Houston, United States; University of North Texas, Denton, United States; Instituto Nacional do Câncer, Rio de Janeiro, Brazil

Cancer Center: Masonic Cancer Center

Project Title: Foundation for Cancer Care in Tanzania

Collaborators: Minnesota Oncology, Saint Paul, United States; Foundation for Cancer Care in Tanzania, Edina, United States; HealthPartners, Minneapolis, United States; University of Minnesota, Minneapolis, United States; Walden University, Minneapolis, United States; Selian Lutheran Hospital, Arusha, Tanzania; Duke University, Durham, United States; Takeda (Japan), Osaka, Japan

Cancer Center: Masonic Cancer Center

Project Title: Improving cancer care for women with gynecologic cancers in Sub-Saharan Africa

Collaborators: University of Minnesota, Minneapolis, United States; Harvard University, Cambridge, United States; Addis Ababa University, Addis Ababa, Ethiopia; University of Rwanda, Butare, Rwanda

Cancer Center: Masonic Cancer Center

Project Title: Mujeres Avanzando a la Sobrevida (MAS; women going forward in survival).

Collaborators: Liga Contra el Cáncer, San Pedro Sula, Honduras; Hospital San Felipe, Tegucigalpa, Honduras

Cancer Center: Masonic Cancer Center

Project Title: Oncolytic adenovirus for leukemia

Collaborators: University of Tokyo, Tokyo, Japan

Cancer Center: Masonic Cancer Center

Project Title: Oncolytic adenovirus for pediatric tumors

Collaborators: Kyoto Prefectural University of Medicine, Kyoto, Japan

Cancer Center: Masonic Cancer Center

Project Title: Research collaborations on viral hepatitis and liver cancer

Collaborators: Erasmus MC, Rotterdam, Netherlands; Hospital Privado, Córdoba, Argentina; Universidade Federal de Ciências da Saúde de Porto Alegre, Porto Alegre, Brazil; Universidad San Francisco de Quito, Quito, Ecuador; Universidad de San Martín de Porres, Lima, Peru; Centro De Enfermedades Hepáticas Y Digestivas Sas - Cehyd Sas, Bogotá, Colombia; Pontificia Universidad Católica de Chile, Santiago, Chile; Biodonostia, San Sebastian, Spain; Leibniz University Hannover, Hanover, Germany

Cancer Center: Masonic Cancer Center

Project Title: Teaching of laboratory research and clinical oncology in Mexico

Collaborators: National Autonomous University of Mexico, Mexico City, Mexico

Cancer Center: Mayo Clinic Cancer Center

Project Title: Familial Cohort Study of Prostate Cancer in Men of African ancestry

Collaborators: Federal University of Agriculture, Abeokuta, Nigeria; University of Lagos, Lagos, Nigeria; University of Ilorin Teaching Hospital, Ilorin, Nigeria; Federal Medical Centre, Abeokuta, Nigeria; University of Maiduguri, Maiduguri, Nigeria; Lagos State University Teaching Hospital, Ikeja, Nigeria; Ahmadu Bello University, Zaria, Nigeria; University Teaching Hospital of Yaoundé, Yaoundé, Cameroon

Cancer Center: Mayo Clinic Cancer Center

Project Title: Prostate Cancer Outcomes: An International Registry to Improve Outcomes in Men with Advanced Prostate Cancer (IRONMAN) - Movember Foundation/The Prostate Cancer Clinical Trials Consortium

Collaborators: Harvard University, Cambridge, United States; Mayo Clinic, Jacksonville, United States; University of Ilorin Teaching Hospital, Ilorin, Nigeria; Federal Medical Centre, Abeokuta, Nigeria; University of Maiduguri, Maiduguri, Nigeria; Lagos State University Teaching Hospital, Ikeja, Nigeria

Cancer Center: Mays Cancer Center

Project Title: PRECEPTORSHIP FOR BREAST ONCOLOGISTS FROM LATIN AMERICA

Collaborators: No collaborator information available

Cancer Center: Mays Cancer Center

Project Title: UTSEAPHO

Collaborators: University of California, San Francisco, San Francisco, United States; The University of Texas Health Science Center at San Antonio, San Antonio, United States; Coagulant Therapeutics, San Francisco, United States; St. Jude Children's Research Hospital, Memphis, United States; Ho Chi Minh City Medicine and Pharmacy University, Ho Chi Minh City, Vietnam; National University Hospital, Singapore, Singapore; KK Women's and Children's Hospital, Singapore, Singapore; National Hospital of Pediatrics, Hanoi, Vietnam; Hue University, Huế, Vietnam

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Africa Livr Cancer Guidelines

Collaborators: No collaborator information available

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Asia-Pacific Primary Liver Cancer Expert (APPLE) Association Single Topic Conference

Collaborators: No collaborator information available

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Breast cancer risks and outcomes in Nigeria

Collaborators: Obafemi Awolowo University Teaching Hospitals Complex, Ile-Ife, Nigeria

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Cancer sysmposium to increase Nigerian oncology capacity

Collaborators: Obafemi Awolowo University Teaching Hospitals Complex, Ile-Ife, Nigeria

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Colorectal cancer risk factors, screening, and treatment in Nigeria

Collaborators: Obafemi Awolowo University Teaching Hospitals Complex, Ile-Ife, Nigeria

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Humanity Cancer Germline Convergence and Divergence Cancer Predispositions

Collaborators: No collaborator information available

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: International Federation of Head & Neck Oncologic Societies (IFHNOS)

Observership Global On Line Fellowship in Head and Neck Surgery Comprehensive clinical and academic Fellowship in Head and Neck Surgery and Oncology Virtual World Tour programs in Head and Neck surgery and Oncology World Congress of IFHNOS (Every four years)

Collaborators: No collaborator information available

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: International Federation of Head & Neck Oncologic Societies (IFHNOS) Global Online Fellowship

Collaborators: No collaborator information available

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Joint Course in Oncologic Sciences

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: MSK East West Liver Rounds

Collaborators: No collaborator information available

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Memorial Sloan Kettering Cancer Center Global Cancer Disparities Pilot Grant

Collaborators: Obafemi Awolowo University Teaching Hospitals Complex, Ile-Ife, Nigeria

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Monthly VideoLink Conference - GI Hepatobiliary

Collaborators: American University of Beirut, Beirut, Lebanon

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Monthly VideoLink Conference - GI and Breast

Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Soudavar fellowships- funded by MSK /Brennan

Collaborators: No collaborator information available

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Tissue Banking and genetic testing

Collaborators: American University of Beirut, Beirut, Lebanon

Cancer Center: Memorial Sloan Kettering Cancer Center

Project Title: Workshops for International Healthcare Professionals

Collaborators: African Research Group for Oncology (ARGO), Ife, Nigeria

Cancer Center: Norris Cotton Cancer Center

Project Title: Breast Cancer Treatment Prediction Tool for LMIC's

Collaborators: Dartmouth College, Hanover, United States; University Clinical Center of Kosovo, Pristina, Kosovo

Cancer Center: Norris Cotton Cancer Center

Project Title: DNA Methylation in triple negative breast cancer from Rwanda

Collaborators: University of Rwanda, Butare, Rwanda

Cancer Center: Norris Cotton Cancer Center

Project Title: Global Oncology Tumor Board Project ECHO

Collaborators: Dartmouth College, Hanover, United States; University Clinical Center of Kosovo, Pristina, Kosovo; University of Connecticut, Storrs, United States

Cancer Center: O'Neal Comprehensive Cancer Center at UAB

Project Title: Clinical outcome at one year post-treatment of HPV and precancerous lesions of the cervix among female sex workers in Cameroon

Collaborators: Cameroon Baptist Convention Health Services, Bamenda, Cameroon

Cancer Center: O'Neal Comprehensive Cancer Center at UAB

Project Title: Elimination of Cervical Cancer as Public Health Problem in Sri Lanka

Collaborators: Birmingham Rotary Club, Birmingham, United States; The Rotary Club of Colombo, Colombo, Sri Lanka; Ministry of Health, Nutrition and Indigenous Medicine, Colombo, Sri Lanka

Cancer Center: O'Neal Comprehensive Cancer Center at UAB

Project Title: Self-collection for HPV testing using a dry card among un/underscreened women: a multi-center study of feasibility in Brazil

Collaborators: University of Alabama at Birmingham, Birmingham, United States; State University of Maringá, Maringá, Brazil

Cancer Center: O'Neal Comprehensive Cancer Center at UAB

Project Title: Sociocultural and structural inequities affecting women's health among female sex workers in Cameron: a qualitative study

Collaborators: University of Alabama at Birmingham, Birmingham, United States

Cancer Center: O'Neal Comprehensive Cancer Center at UAB

Project Title: Strengthening the Public Health System in US-Affiliated Pacific Islands (Non-PPHF)

Collaborators: Cancer Council Australia, Sydney, Australia; Unknown Site, Baltimore, United States

Cancer Center: OHSU Knight Cancer Institute

Project Title: OHSU-Bangkok Dusit Medical Center Partnership - Let's Get Healthy Expansion for Data collection

Collaborators: Oregon Health & Science University, Portland, United States; Bangkok Dusit Medical Services (BDMS), Bangkok, Thailand

Cancer Center: OHSU Knight Cancer Institute

Project Title: War on Melanoma

Collaborators: Oregon Health & Science University, Portland, United States

Cancer Center: Robert H. Lurie Comprehensive Cancer Center

Project Title: Cervical cancer screening program

Collaborators: University of Jos, Jos, Nigeria; Jos University Teaching Hospital, Jos, Nigeria

Cancer Center: Robert H. Lurie Comprehensive Cancer Center

Project Title: Palliative care training program

Collaborators: Lagos University Teaching Hospital, Lagos, Nigeria

Cancer Center: Roswell Park Cancer Institute

Project Title: Collaborative Research Initiative with Center for Molecular Immunology (CIM)

Collaborators: Roswell Park Cancer Institute, Buffalo, United States; Center of Molecular Immunology (Cuba), Havana, Cuba

Cancer Center: Sidney Kimmel Cancer Center at Thomas Jefferson University

Project Title: Complex Head and Neck Care and Education (CHANCE)

Collaborators: University of Miami, Coral Gables, United States; Vanderbilt University, Nashville, United States

Cancer Center: Sidney Kimmel Comprehensive Cancer Center

Project Title: Act N.O.W. to reduce disparities: Navigate and Optimize breast cancer care for Women

Collaborators: Bugando Medical Centre, Mwanza, Tanzania

Cancer Center: St. Jude Children's Research Hospital

Project Title: ADAPT (Assessing Doctors' Attitudes on Palliative Treatment) - Asia Pacific

Collaborators: St. Jude Children's Research Hospital, Memphis, United States; Unknown Site, Indonesia; Brown University, Providence, United States

Cancer Center: St. Jude Children's Research Hospital

Project Title: ARIA Guide

Collaborators: Unknown Site, Unknown City, Australia

Cancer Center: St. Jude Children's Research Hospital

Project Title: Antimicrobial resistance in global pediatric oncology centers

Collaborators: National Pediatric Oncology Unit (UNOP Unidad Nacional De Oncologia Pediatrica), Guatemala City, Guatemala; Hospital del Niño, Panama City, Panama; Hospital Nacional de Niños Bloom, San Salvador, El Salvador

Cancer Center: St. Jude Children's Research Hospital

Project Title: Assessment of ALL Treatment in Eurasia

Collaborators: No collaborator information available

Cancer Center: St. Jude Children's Research Hospital
Project Title: CCaT Asia Pacific
Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: St. Jude Children's Research Hospital
Project Title: COVID-19 Registry
Collaborators: St. Jude Children's Research Hospital, Memphis, United States; Great Ormond Street Hospital, London, United Kingdom; Hospital Sant Joan de Déu Barcelona, Barcelona, Spain

Cancer Center: St. Jude Children's Research Hospital
Project Title: Chemoglobe
Collaborators: University of North Carolina at Chapel Hill, Chapel Hill, United States

Cancer Center: St. Jude Children's Research Hospital
Project Title: ChildGICR
Collaborators: International Agency for Research on Cancer, Lyon, France

Cancer Center: St. Jude Children's Research Hospital
Project Title: Communication education
Collaborators: No collaborator information available

Cancer Center: St. Jude Children's Research Hospital
Project Title: Communication working group
Collaborators: National Pediatric Oncology Unit (UNOP Unidad Nacional De Oncologia Pediatrica), Guatemala City, Guatemala; St. Jude Children's Research Hospital, Memphis, United States

Cancer Center: St. Jude Children's Research Hospital
Project Title: Cure4Kids
Collaborators: No collaborator information available

Cancer Center: St. Jude Children's Research Hospital
Project Title: CureAll Dissemination
Collaborators: World Health Organization, Geneva, Switzerland

Cancer Center: St. Jude Children's Research Hospital
Project Title: CureAll Focus Country Support
Collaborators: Unknown Site, Unknown City, Unknown Country

Cancer Center: St. Jude Children's Research Hospital
Project Title: Development and evaluation of regional approaches to fever management in pediatric oncology patients

Collaborators: University of South Florida, Tampa, United States; St. Jude Children's Research Hospital, Memphis, United States; Chris Hani Baragwanath Hospital, Johannesburg, South Africa; Kilimanjaro Christian Medical Centre, Moshi, Tanzania

Cancer Center: St. Jude Children's Research Hospital

Project Title: Diagnostic Innovations to support Value-Based Implementation Applications for Childhood Cancer (DIVIA)

Collaborators: University of North Carolina System, Chapel Hill, United States; Indus Hospital, Karachi, Pakistan; Hospital Nacional de Niños Bloom, San Salvador, El Salvador; Uganda Cancer Institute, Kampala, Uganda

Cancer Center: St. Jude Children's Research Hospital

Project Title: EPAT

Collaborators: No collaborator information available
